

The Sharing Bonus is a bonus that pays to Brand Affiliate and Brand Representative accounts. Most products have a sharing bonus attached and the bonus generally ranges between 5% to 20% (or more!). When a sharing bonus qualified product is purchased by your Registered Customers directly from the company, a bonus is generated. When you earn a Sharing Bonus, it will be paid into your Velocity Account on a daily basis.

### Sharing Bonus Calculation:

The Sharing Bonus is a dollar amount set for each Product. If you are a Brand Affiliate, you can obtain information regarding the Sharing Bonus amount, pricing, and other sales compensation related information in your Office under Document Search.
