A Nourish the Children Ambassador is a person who has not only donated through Nourish the Children to nourish starving children, but has adopted Nourish the Children as a personal cause. They have made a commitment to donate at least four bags of VitaMeal each month personally and have inspired others on their first level (personal, personal customers, and first level distributors) to donate an additional 12 bags each month. (Donations are made on the Subscription Program). After two months of the donations of 16 bags, the distributor becomes an Ambassador.

Ambassadors receive a special Nourish the Children Ambassador pin and certificate on request. You will need to contact either your Account Manager or Brand Affiliate Support Team. The certificate is to be displayed and the pin worn with humility and pride to represent the children fed through these life saving donations. For information on five-year Ambassador and the Chief Ambassador program [click here](#).
