

ageLOC Boost is a breakthrough beauty device system that brings out skin's brilliant best. We're talking visibly brighter, plumper, bouncier skin with youthful radiance and a more even-toned complexion.

Effortless to use (just two minutes a day), ageLOC Boost gives you a beauty boost with every use.

After 12 weeks of using the ageLOC® Boost System, the appearance of the participants' skin showed:

- 90% more bounce\*
- 103% more plumpness\*
- 104% more firmness\*
- 75% appeared brighter\*

\* Results obtained from a third-party professional assessment based on a 12-weeks in vivo, single-blind consumer use study with 32 female subjects aged 25 to 40 who used the ageLOC® Boost System (ageLOC® Boost device and ageLOC® Boost Activating Serum) once a day for 12 weeks.
