

After cleansing and toning:

STEP 1:

Turn on device by swiping finger up full length of touch surface

STEP 2:

Dispense three pumps of ageLOC® Boost Activating Serum onto the device's conductive surface. Spread over one half of the face.

STEP 3:

Begin application by swiping finger up full length of touch surface. Glide conductive surface over face in an upward/outward motion.

STEP 4:

Repeat STEP 2 & STEP 3 on other half of the face.

STEP 5:

Device will automatically turn off. Massage excess Activating Serum into skin, then follow with your daily skincare regimen.

You'll immediately notice your skin feels more hydrated and softer. Please note: only use ageLOC® Boost Activating Serum with the ageLOC® Boost device, since it was scientifically formulated to conduct the unique Variable Pulse Microcurrent.
